

# OH DATA

A Spreadsheet Data Cleaning Tool

## Hannah Hughes

- Based in Austin, TX
- Data Coordinator at Workers Defense
- Goal: Learn python

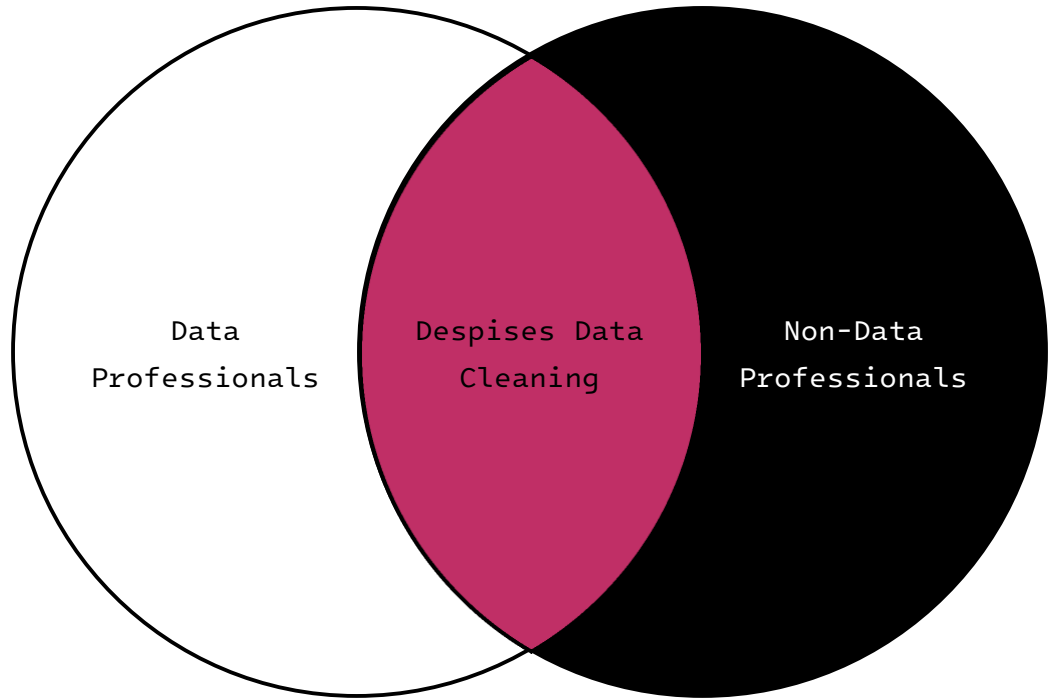

## Ondrew Tillotson

- Based in DeKalb, IL
- Database Manager at The Chicago Abortion Fund
- Goal: Learn website development

## What is OH Data?

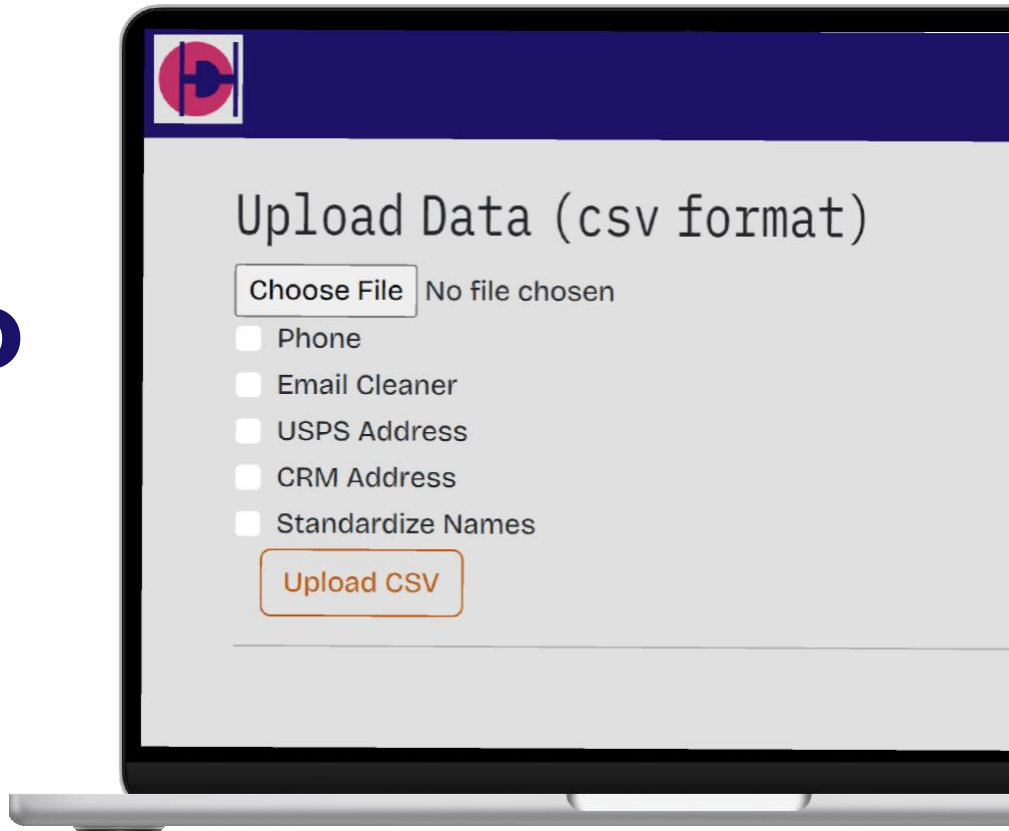

OH Data is a **free** to use website for workers in the progressive space to clean and standardize their spreadsheet data.

**Use Case: Organizers  
and Activists of all  
technical abilities**

# What's Next?

## Share it out!

We will be sharing out a beta login to our networks of data professionals to see their use cases.

Email

**ohdatacleaning@gmail.com**

for a beta login!

## Looking Ahead

We are looking into adding more cleaning options and general functionality.

For example, allowing users to get the coordinates of addresses cleaned for mapping purposes!
